Wrong Email Address

A couple were going on vacation but the woman was on a business trip. So her husband went to the destination first and she would meet him the next day. When he reached his hotel he decided to send his wife a quick email. Unfortunately, when typing her address he mistyped a letter. And his note was directed instead to an elderly preacher's wife whose husband had passed away only the day before.

When the grieving widow checked her email she took one look at the monitor, let out a piercing scream and fell to the floor in a dead faint. At the sound, her family rushed into the room and saw this note on the screen:

*Dearest Wife,
Just got checked in. Everything prepared for your arrival tomorrow.
P.S. Sure is hot down here.*
